Presents

2013 Texas Timber Income and Property Tax Workshop

February 12, 2013

Lottie & Arthur Temple
Civic Center

601 Dennis St.
Diboll, TX

Texas A&M Forest Service tax workshops have trained hundreds of foresters, landowners, tax preparers, attorneys, tax appraisers, logging professionals, land trust managers and financial advisors in East Texas.

The tax workshops will help you:

- Learn special timber tax laws and rules that are not well understood by many tax professionals
- Apply the rules through examples that apply basic concepts
- Find answers to your top questions

Participants will receive a workbook loaded with information including presentation materials, standard examples, sample federal forms and supplemental readings.

The workshop qualifies for **Continuing Education Credits**:

CFE (Foresters)	7.0 Hours
CLE (Loggers)	6.0 Hours
CPE (CPAs)	8.0 Hours

ABOUT THE WORKSHOP

The daylong workshop will provide an understanding of timber tax including basics about timber taxation and the latest changes to tax laws and rules for 2012 tax return preparations. Topics will focus on federal timber income tax issues for private forest owners with a refresher on local timberland property tax incentives. Participants will gain a clear understanding of commonly misunderstood timber tax issues. For individuals who have had timber losses due to the recent drought, this workshop can explain how to claim the loss.

WHO WILL BENEFIT

The workshop is designed for forest landowners, consulting foresters, accountants, attorneys, and others who work with forest landowners in matters pertaining to timber taxes.
